I started at UT-Dallas as a sophomore because I had 37 AP credits, which covered my freshman year course work. After studying for three years at UTD and with strong software design and development hands-on experience, I am ready to apply what I have learned to the IT industry and leave my mark on the world. I am seeking a junior or entry level Software Developer/Engineer, Web Developer, or Data Scientist full-time position starting May 2019.
